INDEPENDENT AUDITOR'S REPORT

**Village Council
Village of Quincy
Branch County, Michigan**

September 1, 2017

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Village of Quincy, Michigan as of and for the year ended March 31, 2017, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the Village of Quincy, Michigan as of March 31, 2017, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Required Supplemental Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis and budgetary comparison information, listed in the Table of Contents, be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquires, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village of Quincy, Michigan's basic financial statements. The combining and individual nonmajor fund financial statements are presented for purpose of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated September 1, 2017, on our consideration of the Village of Quincy, Michigan's internal control over financial reporting and on our tests of its compliance with certain provisions or laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Village of Quincy, Michigan's internal control over financial reporting and compliance.

VILLAGE OF QUINCY
MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of the Village of Quincy's financial performance provides an overview of the Village's financial activities for the fiscal year ended March 31, 2017. Please read it in conjunction with the Village's financial statements.

Financial Highlights

The following represents the most significant financial highlights for the year ended March 31, 2017:

- The assets of the Village exceeded its liabilities at the close of the most recent fiscal year by \$4,002,880 (net position). Of this amount, \$264,274 (unrestricted net assets) may be used to meet the government's ongoing obligations to citizens and creditors.
- The Village's total net position decreased by \$67,568. The decrease is due to the increase of General government, Public safety, and Wastewater fund expenses.
- As of the close of the current fiscal year, the Village's governmental funds reported combined ending fund balances of \$151,485, a decrease of \$147,115 in comparison with the prior year. Approximately 32% of the fund balance, or \$48,876, is unassigned.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$48,876 or 5% of total general fund expenditures.
- The Village received Capital Improvement Bonds in relation to sewer and parks projects in progress during the year, and the Village's total debt increased by \$1,999,650.

Using this Annual Report

This annual report consists of a series of financial statements. The statement of net position and the statement of activities provide information about the activities of the Village as a whole and present a longer-term view of the Village's finances. This longer-term view uses the accrual basis of accounting to measure the cost of providing services during the current year, and whether the taxpayers have funded the full cost of providing government services.

The fund financial statements present a short-term view; they tell us how the taxpayers' resources were spent during the year, as well as how much is available for future spending. Fund financial statements also report the Village's operations in more detail than the Government-Wide financial statements by providing information about the Village's most significant funds.

VILLAGE OF QUINCY

MANAGEMENT'S DISCUSSION AND ANALYSIS - Continued

Government-Wide Financial Statements – Government-wide financial statements begin on page 10 and provide readers with a broad overview of the finances of the Village as a whole, in a manner similar to a private sector business, distinguishing functions of the Village that are principally supported by taxes and intergovernmental revenues (referred to as “governmental activities”) from functions that are intended to recover all or a significant portion of their costs through user fees and charges (referred to as “business-type activities”). These statements present a longer-term view using the accrual basis of accounting, which requires that revenues are reported when they are earned and expenses are reported when incurred. They measure the cost of providing services during the current year and whether the taxpayers have funded the full cost of providing government services. The statements include a Statement of Net Position and Statement of Activities.

The Statement of Net Position presents information on all of the Village’s assets and liabilities, with the difference between the two reported as net position. The Statement of Activities reports the current year’s revenues and expenses and how the Village’s net position changed during the year. Over time, increases or decreases in net position can serve as one indicator of the financial position of the Village. Other indicators include factors such as changes in the Village’s property tax base and the condition of the Village’s roads and other infrastructure.

Fund Financial Statements – The fund financial statements begin on page 12 and present more detailed information about the Village’s most significant funds, not the Village as a whole. The fund financial statements present a short-term view, using a modified accrual basis of accounting, and tell us how the taxpayers’ resources were spent during the year as well as how much is available for future spending. Funds are accounting tools the Village uses to keep track of specific sources of funding and spending for particular purposes. The Village’s major funds include the General Fund and the Major Streets Fund. All of the funds of the Village can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

- **Governmental funds** account for most, if not all, of a government’s tax-supported functions. They are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements.
- **Proprietary funds** account for a government’s business-type activities, where all or part of the cost of activities are supported by fees and charges that are paid by those who benefit from the activities. Proprietary funds are used to report the same functions presented as business-type activities in the government-wide financial statements.
- **Fiduciary funds** account for resources that are held by the government as a trustee or agent for parties outside of the government. The resources of fiduciary funds cannot be used to finance the Village’s operations. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Village’s own programs.

VILLAGE OF QUINCY

MANAGEMENT'S DISCUSSION AND ANALYSIS - Continued

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided and are an integral part of the government-wide and fund financial statements.

Other Information – In addition to the basic financial statements and accompanying notes, this report also contains certain required supplementary information concerning budgetary comparisons of the General Fund, as well as other supplementary information.

VILLAGE OF QUINCY

MANAGEMENT'S DISCUSSION AND ANALYSIS – Continued

Governmental Funds

The focus of the Village's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Village's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's resources available for spending at the end of fiscal year.

At the end of the current fiscal year, the Village's governmental funds reported combined ending fund balances of \$151,485, a decrease of \$147,115 in comparison with prior year. Approximately 32 percent of this total amount (\$48,876) constitutes unassigned fund balance. Approximately 57 percent (\$86,427) of the ending fund balance is restricted. The remainder of fund balance is nonspendable to indicate that it is not available for new spending because it has already been committed for prepaid items.

The fund balance of the Village's general fund decreased by \$177,460 during the current fiscal year. This decrease is due to large transfers to the Debt Fund to make debt payments.

The major street fund has a total fund balance of \$15,436, an increase of \$11,224 during the year. The increase is due to decreased expenditures as there were no major street projects completed during the year.

The local street fund had a decrease in the fund balance of \$13,880, during the year for an ending fund balance of \$35,485. The decrease is due a large transfer to the Debt Fund to make debt payments.

The municipal streets fund has a total fund balance of \$35,506, with an increase of \$33,001 during the current year. The increase is due to no transfer being made to local streets to cover street projects as there had been in prior years.

Enterprise Funds

Unrestricted net position of the waste water and water enterprise funds at the end of the year amounted to \$167,679 and \$31,537, respectively. The waste water fund had a decrease of \$15,348 and the water fund had an increase of \$8,356 in net position during the year.

Capital Asset and Debt Administration

The Village's investment in capital assets for its governmental and business-type activities as of March 31, 2017, amounted to \$8,752,182 (net of accumulated depreciation). This investment in capital assets includes land, buildings and systems, improvements, machinery and equipment, park facilities, roads and highways.

VILLAGE OF QUINCY

MANAGEMENT'S DISCUSSION AND ANALYSIS – Continued

Long-term debt

At the end of the current fiscal year, the Village had bonded debt and notes payable outstanding of \$5,221,053. The Village's debt increased by \$1,999,650 during the current fiscal year. State statutes limit the amount of general obligation debt which for the Village currently is \$578,053, a governmental entity may issue to 10 percent of its total taxable valuation. The current debt limitation for the Village is \$2,266,769, which is significantly in excess of the Village's outstanding general obligation debt.

Economic Factors, Next Year's Budgets and Rates

The following factors were considered in preparing the Village's budget for the 2017 – 2018 fiscal year:

- Projections of commercial, industrial, and residential growth potential.
- Economic indicators for the region and local development projects currently proposed and or underway.
- Projected staff and capital improvement projects by the Village.
- Available taxing, bonding and grant resources.

Contacting the Village's Management

This financial report is intended to provide citizens, taxpayers, customers, and investors with a general overview of the Village's finances and to show the Village's accountability for the money it receives. If you have questions about this report or need additional information should be addressed to:

VILLAGE OF QUINCY
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2017

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Village of Quincy conform to generally accepted accounting principles in the United States of America as applicable to local governmental units. The following is a summary of significant policies:

REPORTING ENTITY:

The Village is governed by a seven member council. These financial statements present the Village of Quincy and its component units, as required by generally accepted accounting principles. The individual component units below are included in the Village's reporting entity because of the significance of their operational or financial relationships with the Village.

The following funds are reported within the component units' column in the combined financial statements. They are reported in a separate column to emphasize that they are legally separate from the Village.

The Downtown Development Authority was created to correct and prevent deterioration in the downtown district, encourage historical preservation, and as a tax-increment financing district to correct and prevent deterioration in the downtown district, encourage historical preservation and to promote economic growth within the downtown district. The Authority's budget is subject to approval by the Village Council.

The Brownfield Redevelopment Authority was created pursuant to Act 381 of the Public Acts of 1996, as amended. The purpose of the Authority is to treat and revitalize environmentally distressed brownfield zones. The Authority's budget is subject to approval by the Village Council.

JOINT VENTURE

Quincy Fire Association The Village of Quincy participates with the Township of Quincy, the Township of Algansee, and the Township of Butler in the Quincy Fire Association, a joint venture pursuant to an agreement entered into between the four parties. A joint venture is based on the related contractual agreement by the four parties. The Association is governed by a nine-member board, two members appointed by each municipality and one appointed by the board. In accordance with GASB 61, the Association is not considered to be a component unit of the Village.

VILLAGE OF QUINCY

NOTES TO FINANCIAL STATEMENTS – Continued FOR THE YEAR ENDED MARCH 31, 2017

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS:

The government-wide financial statements, the statement of net position and the statement of activities, report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which primary government is financially accountable.

The statement of activities demonstrates the degree of which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenue includes: (1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Internally dedicated resources are reported as general revenue rather than as program revenue. Likewise, taxes, unrestricted State shared revenues, and other items not properly included among program revenues are reported as general revenue.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual Enterprise Funds are reported as separate columns in the fund financial statements.

The Village first utilizes restricted resources to finance qualifying activities.

MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION:

Governmental-Wide Statements – The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

VILLAGE OF QUINCY

NOTES TO FINANCIAL STATEMENTS – Continued FOR THE YEAR ENDED MARCH 31, 2017

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION: - Continued

Fund-based Statements – Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, special assessments, licenses, unrestricted State shared revenues, intergovernmental grants, charges for services and interest associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenue of the current fiscal period. All other revenue items are considered to be available only when cash is received.

BASIS OF PRESENTATION:

MAJOR GOVERNMENTAL FUNDS

General Fund is the general operating fund of the Village. It is used to account for all financial resources except those required to be accounted for in another fund.

Debt Service Fund is used to account for debt expenditures for the governmental funds.

VILLAGE OF QUINCY

NOTES TO FINANCIAL STATEMENTS – Continued FOR THE YEAR ENDED MARCH 31, 2017

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION: - Continued

MAJOR PROPRIETARY FUNDS

Water Fund and Waste Water Fund is a municipal utility formed by Village Charter to distribute water, and operate and maintain the wastewater collections and treatment.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the Village's water and sewer functions and various other functions of the Village. Eliminations of these charges would distort the direct costs and program revenues reported for the various funds.

Proprietary funds distinguish operating revenue and expenses from nonoperating items. Operating revenue and expenses generally result from providing services and producing goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenue of the proprietary funds relates to charges to customers for sales and services. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as nonoperating revenue and expenses.

PROPERTY TAX REVENUE

The Village's property taxes are levied each July 1 and based on the taxable valuation of property as of the preceding December 31. Taxes are considered delinquent on September 15, at which time uncollected property taxes are turned over to the County for reimbursement from their revolving tax fund. The Village continues to collect delinquent personal property taxes.

The 2016 taxable valuation of the Village totaled \$22,667,686 and the millage rates were 11.5999 mills for general operations and 4.63790 mills for municipal streets.

Tax Abatements - Industrial property tax abatements are granted in the State of Michigan under Public Act 198, as amended, to promote economic development, creation of jobs, and new or improvement facilities. The industrial facilities tax (IFT) exemption must be approved by both the local unit (after public hearing is held) and the State of Michigan. IFT exemptions can cover real and/or personal property. By State law, the exemption must be applied for no later than six months after commencement of the project, and must be accompanied by a written agreement between the taxpayer and the local unit. An exemption allows for taxation on IFT property at 50% of the local property tax millage rate for a period of 1 to 12 years. Accordingly, such agreements meet the criteria of "tax abatements" under GASB Statement No. 77. Property taxes abated by the Village in fiscal year 2017 amounted to \$10,061.

VILLAGE OF QUINCY

NOTES TO FINANCIAL STATEMENTS – Continued
FOR THE YEAR ENDED MARCH 31, 2017

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION:

Cash and Investments – Cash and cash equivalents include cash on hand, demand deposits, and short-term investments with maturity of three months or less when acquired. Investments are stated at costs, which approximates fair market value.

Receivables and Payables – In general, outstanding balances between funds are reported as “due from/to other funds.” Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as “advances from/to other funds.” Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government wide financial statements as “internal balances”.

Inventory and Prepaid items – Inventory is valued at cost, on a first-in, first-out basis. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Capital Assets – Capital assets, which include land, buildings, equipment, vehicles, and infrastructure assets, are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Costs of normal repair and maintenance that do not add to the value or materially extend asset lives are not capitalized.

Buildings, equipment, vehicles, and infrastructure are depreciated using the straight-line method over the following useful lives:

| | |
|----------------------------|-------------|
| Water and Sewer Systems | 30-50 Years |
| Buildings and improvements | 30 Years |
| Equipment | 5-15 Years |

Deferred Outflows of Resources – In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Village does not have anything that qualifies for reporting in this category.

VILLAGE OF QUINCY

NOTES TO FINANCIAL STATEMENTS – Continued FOR THE YEAR ENDED MARCH 31, 2017

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION: – Continued

Deferred Inflows of Resources – In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The Village does not have anything that qualifies for reporting in this category.

Compensated Absences – It is the Village’s policy to permit employees to accumulate earned but unused sick and vacation pay benefits. All sick and vacation pay is accrued when incurred in the government-wide and proprietary financial statements. The liability for these amounts are immaterial to the financial statements.

Long-term Obligations – In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position.

Fund Balance – The Governmental Funds Balance Sheet provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government’s fund balance more transparent. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

Nonspendable fund balance – amounts that are not in a spendable form (such as inventory) or are required to be maintained intact.

Restricted fund balance – amounts constrained to specific purposes by their providers (such as grantors, bondholders and higher levels of government), through constitutional provisions, or by enabling legislation.

Committed fund balance – amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint.

Assigned fund balance – amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority.

Unassigned fund balance – amounts that are available for any purpose; positive amounts are reported only in the general fund.

VILLAGE OF QUINCY

NOTES TO FINANCIAL STATEMENTS – Continued FOR THE YEAR ENDED MARCH 31, 2017

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION: – Continued

Fund Balance – Continued

The Village establishes (and modifies or rescinds) fund balance commitments by passage of a resolution. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget document as a designation or commitment of the fund. Assigned fund balance is established by the Village's Board through adoption or amendment of the budget as intended for specific purpose. The Village would typically use restricted fund balance first, followed by committed resources, and then assigned resources as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to defer the use of these classified funds.

BASIS OF BUDGETING:

The Village adopted their annual budgets based on the appropriate method of accounting for the corresponding governmental or proprietary fund. Revenues and expenditures were estimated by the individual line item basis, but adopted and amended by the Village Council by the functional level for each fund. Once a budget is approved, it can be amended at the functional level. Amendments are presented to the Village Council at their regular meetings. Each amendment must have Village Council approval. Such amendments are reflected in the official minutes of the Village Council, and are not made after year end as dictated by law. Revisions to the budgets were made during the year.

ENCUMBRANCE ACCOUNTING:

Encumbrances are not liabilities and, therefore, are not recorded as expenditures until receipt of material or service. For budgetary purposes, appropriations lapse at fiscal year end and outstanding encumbrances at year end may be reappropriated in the next year. No reservation of fund balance equal to outstanding encumbrances at year end is required.

USE OF ESTIMATES:

The Village uses estimates and assumptions in the preparation of the financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenue and expenditures.

VILLAGE OF QUINCY

NOTES TO FINANCIAL STATEMENTS – Continued FOR THE YEAR ENDED MARCH 31, 2017

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

SUBSEQUENT EVENTS:

The Village evaluates events and transactions that occur after year end for potential recognition or disclosure in the financial statements. These subsequent events have been considered through the audit date.

NOTE B – DEPOSITS AND INVESTMENTS

The Village uses financial institutions for cash purposes, which is in accordance with statutory authority. The accounts maintained in the financial institutions are checking, savings and certificates of deposit. The interest rates of the checking and savings accounts are at variable daily rates.

Investments consist of certificate of deposits with an original maturity date of greater than three months. The investments are carried at cost which approximates market value.

Interest rate risk – In accordance with its investment policy, the Village will minimize interest rate risk, which is the risk that the market value of securities in the portfolio will fall due to changes in the market interest rates, by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities in the open market; and investing operating funds primarily in shorter-term securities, liquid asset funds, money market mutual funds, or similar investment pools and limiting the average maturity in accordance with the Village's cash requirements.

Credit risk – State law limits investments in commercial paper and corporate bonds to a prime or better rating issued by nationally recognized statistical rating organizations (NRSROs). The Village does not allow direct investment in commercial paper or corporate bonds.

Concentration of credit risk – The Village will minimize concentration of credit risk, which is the risk of loss attributed to the magnitude of the Village's investment in a single issuer, by diversifying the investment portfolio so that the impact of potential losses from any one type of security or issuer will be minimized.

Custodial credit risk for deposits – In the case of deposits, this is the risk that in the event of a financial institution failure, the Village's deposits may not be recovered. As of March 31, 2017, \$104,574 of the Village's bank balance of \$354,574 was exposed to custodial credit risk because it was uninsured and uncollateralized. Certificates of deposit and money market accounts are included in the above totals.

VILLAGE OF QUINCY

**NOTES TO FINANCIAL STATEMENTS – Continued
FOR THE YEAR ENDED MARCH 31, 2017**

NOTE B – DEPOSITS AND INVESTMENTS – Continued

Foreign currency risk – The Village is not authorized to invest in investments which have this type of risk.

NOTE C – DUE FROM OTHER FUNDS

The due from other funds, at March 31, 2017, for the Village are as follows:

MAJOR STREETS FUND

| | |
|---------------------|-----------------|
| Due from Water Fund | <u>\$ 4,000</u> |
|---------------------|-----------------|

LOCAL STREETS FUND

| | |
|---------------------|-----------------|
| Due from Water Fund | <u>\$ 2,790</u> |
|---------------------|-----------------|

WASTEWATER FUND

| | |
|---------------------|------------------|
| Due from Water Fund | <u>\$ 40,000</u> |
|---------------------|------------------|

The due from other fund balances result from a time lag between the dates that interfund goods and services are provided or reimbursable expenditures occur, transactions are recorded in the accounting system, and payments between funds are made.

VILLAGE OF QUINCY

**NOTES TO FINANCIAL STATEMENTS – Continued
FOR THE YEAR ENDED MARCH 31, 2017**

NOTE D – TRANSFERS FROM (TO) OTHER FUNDS

Transfers from (to) other funds, during the year ended March 31, 2017, for the Village are as follows:

GENERAL FUND

| | |
|-------------------------------|----------------------------|
| Transfer to Debt Service Fund | <u><u>\$ (171,925)</u></u> |
|-------------------------------|----------------------------|

LOCAL STREETS FUND

| | |
|-------------------------------|---------------------------|
| Transfer to Debt Service Fund | <u><u>\$ (26,538)</u></u> |
|-------------------------------|---------------------------|

DEBT SERVICE FUND

| | |
|----------------------------------|---------------|
| Transfer from General Fund | \$ 171,925 |
| Transfer from Local Streets Fund | <u>26,538</u> |

| | |
|-------|--------------------------|
| Total | <u><u>\$ 198,463</u></u> |
|-------|--------------------------|

Transfers are used to move revenues from the fund that is required to collect them to the fund that is required or allowed to expend them; move receipts restricted to or allowed for debt service from the funds collecting the receipts to the debt service fund as debt service payments become due; and use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

| 2023-2027 | 372,000 | 36,423 | \$ 408,423 |
| Total | <u>\$ 701,000</u> | <u>\$ 115,405</u> | <u>\$ 816,405</u> |

Interest expense for the year ended March 31, 2017 was \$98,021 for Business-type Activities and \$18,035 for the Governmental Activities.

The Village has a Series 2016 Waste Water System Revenue Bond that has a draw left of \$62,000, all of which is expected to be spent by March 31, 2018. Accordingly, this bond has not been included in the annual requirements to service debt schedule.

NOTE G – RISK MANAGEMENT

The Village is exposed to various risk of loss related to torts; errors and omissions; injuries to employees and natural disasters. The Village has purchased commercial insurance through various carriers, including the Michigan Municipal League to cover all risks of loss. Settled claims relating to the commercial insurance have not exceeded the amount of insurance coverage in any of the past three fiscal years.

VILLAGE OF QUINCY

NOTES TO FINANCIAL STATEMENTS – Continued FOR THE YEAR ENDED MARCH 31, 2017

NOTE H – DEFINED CONTRIBUTION PENSION PLAN

The Village maintains a defined contribution pension plan (the “Village of Quincy Defined Contribution Pension Plan”, or the “Plan”) for substantially all employees. The employees are eligible to enter the Plan starting either January 1 or July 1 following the attainment of the age of twenty-one and the performance of 1,000 hours of service. Employees are fully vested upon entrance into the Plan. The Village Council established the Plan, and may amend it, and the related contribution requirements. The Plan is administered by MERS. The Village is required to make annual contributions of six percent of covered payroll to the Plan. The Plan is non-contributory for employees. Employer contributions made to the Plan for the year ended March 31, 2017, amounted to \$18,486 for the Governmental Activities and \$5,947 for Business-type Activities.

NOTE I – COMMITMENTS

The Village of Quincy has entered into contracts to complete sewer construction projects. The amount committed to finish the projects at March 31, 2017 was approximately \$61,900. All of the committed funds will be paid for with proceeds from the Capital Improvement Bond.

The Village has also entered into contracts to complete water improvement projects. The amount committed to finish the projects at March 31, 2017 was approximately \$1,300,000. The majority of the committed funds will be paid for with proceeds from Federal grants.

VILLAGE OF QUINCY

NOTES TO INTERNAL CONTROL AND FEDERAL GRANT REPORT FOR THE YEAR ENDED MARCH 31, 2017

NOTE A – SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Village of Quincy conform to generally accepted accounting principles in the United States of America as applicable to Villages. Please refer to Note A of the financial statements for a summary of significant policies.

For purposes of charging indirect costs to federal awards, the Village has not elected to use the 10% de minimis cost rate as permitted by 200.414 of the Uniform Guidance.

NOTE B – FEDERAL LOANS

The federal grant money in amount of \$3,942,000 is a loan shown in Village of Quincy's proprietary financials statements. The loan is to be repaid at an interest rate of 2.5%. The complete loan schedule and payments have not been provided by the Federal Loan administrators due to Village having ability to draw additional amounts up to \$62,000 and the construction not being completed.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENTAL AUDITING STANDARDS**

**Village Council
Village of Quincy, Michigan**

September 1, 2017

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Village of Quincy, Michigan as of and for the year ended March 31, 2017, and the related notes to the financial statements, which collectively comprise the Village of Quincy, Michigan's basic financial statements, and have issued our report thereon dated September 1, 2017.

Internal Control Over Financial Reporting: In planning and performing our audit of the financial statements, we considered the Village of Quincy, Michigan's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Village of Quincy, Michigan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Village of Quincy, Michigan's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be material weaknesses.

Compliance and Other Matters: As part of obtaining reasonable assurance about whether the Village of Quincy, Michigan's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Governmental Auditing Standards.

Purpose of this Report: The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

**Village Council
Village of Quincy, Michigan**

September 1, 2017

Report on Compliance for Each Major Federal Program: We have audited the Village of Quincy, Michigan's compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of the Village of Quincy, Michigan's major federal programs for the year ended March 31, 2017. Village of Quincy, Michigan's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility: Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility: Our responsibility is to express an opinion on compliance for each of the Village of Quincy, Michigan's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Village of Quincy, Michigan's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide legal determination of the Village of Quincy, Michigan's compliance.

Opinion on Each Major Federal Program: In our opinion, the Village of Quincy, Michigan complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended March 31, 2017.

Report on Internal Control over Compliance: Management of the Village of Quincy, Michigan, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Village of Quincy, Michigan's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program in order to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Village of Quincy, Michigan's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Village Council
Village of Quincy, Michigan**

September 1, 2017

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Dollar threshold used to distinguish between type A and type B programs: \$750,000

Auditee qualified as low-risk auditee? X Yes No

VILLAGE OF QUINCY
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED MARCH 31, 2017

FINDINGS – FINANCIAL STATEMENT AUDIT

FINDING 2017-001 Preparation of Financial Statements

Finding Type - Considered a material weakness in internal control over financial reporting.

Criteria – Management is responsible for preparing Financial Statements. Generally accepted accounting principles require us to communicate in writing when a client requires assistance to prepare the financial statements and footnotes required in the annual audit report in accordance with accounting principles generally accepted in the United States of America.

Condition – Currently, the Village’s management requests the external auditor’s assistance in the preparation of the annual financial statements and related footnotes.

Cause – The management of the Village does understand all information included in the annual financial statements; however, assistance of the external auditor was utilized in preparing the financial statements and footnotes to the financial statements.

Effect – Utilization of the external auditor in preparing the financial statement and related footnotes to the financial statements assists management with the external financial reporting responsibility, to ensure their financial statements and federal reporting are accurate.

Questioned Costs – No costs are required to be questioned as result of this finding, in reference to no unallowable expenditures were noted.

Recommendation – At this time, we recommend no changes to this situation and communicate this as required by professional standards. The Village management reviews and understands the financials having the knowledge to take responsibility for the preparation.

View of Responsible Officials – Management understanding and taking responsibility for the information contained in the financials will continue to use external auditors to complete the financials and federal award schedule.

VILLAGE OF QUINCY

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED MARCH 31, 2017

FINDINGS – FINANCIAL STATEMENT AUDIT

FINDING 2017-002 Adequate segregation of duties

Criteria – Village lacks size of staff needed to have proper segregation of duties. Generally accepted accounting principles require us to communicate in writing when a client lacks adequate segregation of duties in accordance with accounting principles generally accepted in the United States of America.

Condition – Currently, the Village’s management has limited resources to hire employees required to provide adequate segregation of duties.

Cause – Management has determined that segregation of duties may be impractical and the cost vs. benefit relationship may not justify the addition of accounting staff to accomplish the desired segregation.

Effect – The Village has put measures in place to ensure that there is segregation of duties between employees that would provide some assurance on controls implemented by management.

Questioned Costs – No costs are required to be questioned as result of this finding, in reference to no unallowable expenditures were noted.

Recommendation – At this time, we recommend Village continue to enhance internal controls to mitigate the lack of segregation of duties.

View of Responsible Officials – The Village management continually reviews and evaluates the cost vs. benefit of hiring additional staff.
