Treasurer's Report: Treasurer Brockway got a print-out of everything for the Township that is now at Southern Michigan Bank and Trust. It shows all the CDs that we moved over. The beginning balance a year ago, compared to the balance last Wednesday and then the maturity date of that CD. Interest earned last year on the CDs totaled \$8,120. Originally, from way back when the interest was supposed to pay for perpetual care. This makes a pretty good chunk of the perpetual care. It's still thousands short but better than what it was. The ARPA went down to \$10.81, which was the interest after paying the tractor bill. The Cold Creek Solar account is brand new and that is why it didn't show up last year. Tax account, again, that's a very snapshot picture, most is gone from that account because it is sent on to the state. The General Fund is at \$184,652.51.

Cemetery Report: Sexton Stephenson reported he was looking at the map and getting final numbers ready to contact the company to make the book. He noticed there were mistakes on the map so now it is back with the surveyor. Three families asked for perpetual care but that was put on hold at the December meeting. The Massey Ferguson needs to be off the insurance and the new tractor put on.
