Ann Lown, was at the council meeting in December to discuss the possibility of putting a nursery at 58 Berry St. Attorney Charles Lillis didn't think they could do that but was going to check with the Michigan Department of Agriculture. Ann will have to get an inspection from Generally Accepted Agricultural & Management Practices. They will have to pass the inspection to qualify for the right to farm act. We will wait to see if that gets approved before moving forward. Ann thanked the village for being so kind to her Aunt Alice and thanked the village street employees for cleaning all the village sidewalks when it snows.

3. **Broadband**. Work is continuing to **expand broadband to unserved and underserved areas of the County**. The Board of Commissioners will receive an update from Frontier-Verizon on Dec. 12, 2024.
4. **Courtroom Renovation**. The County is looking forward to the **renovation of the three (3) County Courtrooms, District, Circuit, and Probate Courts**. This renovation is planned for 2025. The Courts will continue to operate while being temporarily displaced elsewhere in the Courthouse.
5. **Seat Belt Use**. For the second year in a row, fewer drivers and front-seat passengers are buckling up in Michigan. Ninety-two (92%) of front-seat passengers wear seat belts, down from 92.4% last year and 92.9% in 2022, according to a Michigan State University report commissioned by the Michigan State Police Office of Highway Safety Planning (see next page).

Plus One. **Higher Costs**. Some Michigan residents are bracing for **higher heating costs** as winter approaches. While the Great Lakes region may experience a warmer-than-average winter, according to the National Oceanic and Atmospheric Administration, DTE says it still expects energy use to rise from last year. The Public Service Commission recently approved a rate increase for DTE Gas Co., impacting 1.3 million customers across 500 communities statewide. The change took effect on Nov. 21. Residential customers using 100 cubic feet of natural gas each month can expect a \$1.98 monthly increase, with an additional 66-cent surcharge for infrastructure investments that will rise annually, reaching \$6.28 by 2029. Seat belt use down

The Michigan State Police reported that seat belt use in the state fell slightly this year, with 92% of motorists using the safety devices. The highest rate was observed in 2009 when nearly 98% were using them. The state observed drivers at 200 locations across 35 counties.

Plus Some. **Walking Pneumonia**. Walking pneumonia **has been rising**. Cases were most prevalent in children: 7.6% of babies ages 1 and younger who visited emergency rooms with pneumonia-related symptoms were diagnosed with the infection, as were 7% of patients ages 2-4.

- Cases of 'walking pneumonia' are on the rise in Michigan and nationwide.
- The bacterial infection can cause symptoms like fever, headache and a slowly worsening cough.
- Most people who get infected experience mild symptoms and may not realize they are sick. (Source: Bridge).

Plus Some More. **More Ships. More ships will be cruising the Great Lakes in summer 2025**, carrying up to a few hundred passengers at a time to ports that include popular stops in Michigan. Six companies operating a total of eight boats are expected to operate cruises on the international waterways, an increase industry officials expect will spur additional lines to add tours and stops in coming years.

- Great Lakes cruise trips expected to increase in 2025.
- Eight ships will make trips around the international waterway, a year after bankruptcies removed two from the mix.
- The added trips will mean a 30% increase in port stops, including in Michigan communities. (Source: Bridge).

Code Enforcement: Currently the Codes Dept is continuing to issue verbal or written warnings to residents for ordinance violations rather than citations for educational and informational purposes.

Police Dept: Ofc. Meyer is settling in as a new Officer here. He has been policing the Village on his own for a couple of weeks on night shift and has been doing very well. Property checks and Traffic stops have gone up substantially after adding Ofc. Meyer. Currently have one full time applicant going through the background investigation.
